

Carbon Reduction Plan

2023/24

Supplier name: Acurable Ltd

Publication date: 6th March 2024

Commitment to achieving Net Zero

Acurable Ltd is committed to achieving Net Zero emissions by 2050.

Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Baseline Year: 2023-24 (1st April 2023-31st March 2024)	
Additional Details relating to the Baseline Emissions calculations.	
<i>Prior to 2023, no emissions were recorded due to the early stage of the business operations, hence the baseline year is the current reporting period and emissions will be monitored and reported going forward.</i>	
Baseline year emissions:	
EMISSIONS	TOTAL (tCO₂e)
Scope 1	0 tCO ₂ e
Scope 2	2.7 tCO ₂ e
Scope 3 (Included Sources)	Waste generated in operations 0.166 tCO₂e Downstream transportation and distribution 0.115 tCO₂e Employee commuting 2.6 tCO₂e Business travel 12.3 tCO₂e Upstream transportation and distribution 4.037 tCO₂e
Total Emissions	21.918 tCO₂e

Current Emissions Reporting

Reporting Year: 2023-24 (1 st April 2023-31 st March 2024)	
EMISSIONS	TOTAL (tCO ₂ e)
Scope 1	0 tCO ₂ e
Scope 2	2.7 tCO ₂ e
Scope 3 (Included Sources)	Waste generated in operations 0.166 tCO₂e Downstream transportation and distribution 0.115 tCO₂e Employee commuting 2.6 tCO₂e Business travel 12.3 tCO₂e Upstream transportation and distribution 4.037 tCO₂e
Total Emissions	21.918 tCO₂e

Emissions reduction targets

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets.

We project that carbon emissions will decrease over the next ten years to 12 tCO₂e by 2028. This is a reduction of 45%.

Progress against these targets can be seen in the graph below:

Carbon Reduction: Projected vs Actual

Carbon Reduction Projects

Completed Carbon Reduction Initiatives

The following environmental management measures and projects have been completed or implemented since the 2023 baseline and the measures will be in effect when performing the contract.

- We have moved to an office using exclusively LED lighting with passive infrared controls throughout, reducing the energy consumption of our lighting.
- We offer employees use of a cycle to work scheme and access to cycle storage to reduce carbon emissions due to employee commuting.

Future Carbon Reduction Initiatives

In the future we hope to implement further measures such as:

- We will switch our office energy supplier to one that uses renewable sources.
- We will prioritise the purchase of low-carbon (electric/hybrid) vehicles.
- We will increase the rate at which we use low-carbon transport options for the shipping of upstream goods from East Asia.
- We will develop and implement an environmental management system and obtain ISO14001 accreditation.
- We will publish details of our carbon emissions and causes to employees and provide education on how they can support its reduction.
- We will reduce our use of air travel for business trips.

Declaration and Sign Off

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard¹ and uses the appropriate Government emission conversion factors for greenhouse gas company reporting².

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard³.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).

Signed on behalf of the Supplier:

Esther Rodriguez Villegas
